HISTORIC COTTAGES FOR RENT

COQUINA COTTAGES

Just a few steps away from the soft white sandy beach and the ever-busy fishing pier. You're just blocks from the prestigious 3rd Street South shopping district...bursting with eye catching stores of the day. There are restaurants galore... art galleries...you name it...it's here waiting for you along the coconut palm lined streets and by-ways.

You can walk the shoreline in the early morning and before all the other shell seekers are out you can find beautiful shells...conch, starfish, cat's paw, coquina, sand dollars and sometimes a sea horse. The dolphins cavort off the shore just at sunrise along 7 miles of glorious beach.

**A CHARMING HISTORICAL PLACE
WHERE YOUR MORNING SHADOWS
ALMOST TOUCH THE BEACH...**
